Salary packaging in a nutshell

Fully approved by the Australian Tax Office, salary packaging lets you pay for expenses with money from your salary before tax. This reduces your taxable income, meaning you could pay less tax and take home more of what you earn.

Save on flights and parking with the Fly-In Fly-Out benefit

The Fly-In Fly-Out benefit enables eligible employees who work in a remote area (as defined by the ATO) to salary package the cost of flights and airport parking fees between their usual place of residence and their usual remote area workplace. This could reduce your taxable salary and increase your disposable income.

Salary package your flights and airport parking

The Fly-In Fly-Out airport car parking benefit enables eligible employees who work in a remote area (as defined by the ATO) to salary package the cost of parking their car at the airport when they are undertaking travel under a FIFO arrangement.

Claiming for FIFO car parking is easy. Simply email your paid tax invoice and claim form to info@maxxia.com.au and we'll reimburse your before-tax funds directly to your nominated bank account.

If you Fly-In Fly-Out of Perth Airport you have the option of requesting a parking card. Simply tap in and tap out each time you park.

Salary package the cost of flights between your usual place of residence and your usual remote area workplace using your allocated travel provider's booking portal.
